

Rotary Tiller & Stone Burier Flash

Rotary Tiller & Stone Burier

FLASH

12 - 24 Hp

ROTARY TILLER & STONE BURIER

The new **FLASH** is a unique implement for the small or hobby farmer. It can be used as both a **ROTARY TILLER & STONE BURIER**.

With a simple modification the rotary tiller can be transformed into a stone burier: reverse the rotational direction of the tines and change the position of the gear box.

The central transmission has a **PATENTED** connector with shear bolt.

Advantages and characteristics:

- ✓PRICE
- ✓TWO IMPLEMENTS IN ONE
- ✓TWO PENETRATION DEPTHS
- ✓TRANSMISSION PROTECTED BY SHEAR BOLT
- ✓STANDARD ISO COMPONENTS

Adjustable, category 1, three-point hitch. Standard cardan shaft included. Lateral skids for depth adjustment. Four tines per flange. Double gear boxes transmission. Protection in accordance with stringent CE safety regulations and manual of use and maintenance.
