ROTARY TILLER SIDE SHIFT

The Del Morino **HOLIDAY R** is light yet rugged rotary tillers with manual side-shift. It is ideal for orchards and vineyards or similar cultivations. The manual side-shift permits tilling in difficult to access area and close to the plants. Specially designed hoes assure deep and uniform tilling down to 6 inches.

The gears and the chain run in an oil bath, assuring a long life. An automatic chain tensioning device eliminates the need to adjust the chain, and easy to reach greasing points and oil level check points help to reduce maintenance times.

Main and standard features :

Light and duty version with aluminium gear box and standard roller chain drive **ASA 80** in oil bath. Spring load chain idler for automatic adjustment, molded steel chain cover for easy access to chain. Side shifting 3 point hitch category I and II. Rotor with 4 tines per flange. Adjustable tail board and parking stand. Adjustable slides to adjust the working depth.

Standard PTO shaft and, safety protection meets **CE** regulations.
