

CANNON

The HARDI CANNON adapts to any crop type, providing optimum air distribution and maximum air volume.

The individual combinations of the three different spouts and the two turbines provide the Versatility and Power so sought after in today's farming.

All the CANNON spouts can be fitted to both the lift mounted ZENIT range and the trailed ARROW and MERCURY sprayers - tank sizes available from 400 to 3500 litres.

Model	L Spout	T Spout	M Spout
Turbine	P540D	P540D	P540D
Air volume	11,000 m ³	19,000 m ³	19,000 m ³
