

# for your A.T.V.

# from

# *Herd*

*Herd Seeder Company  
has been building  
Broadcast Seeders  
since 1948  
and now has one available  
for your A.T.V.  
with the same quality  
and even spread  
that has made  
the Herd Broadcasters  
famous*

### **The GT-77 includes these standard features:**

- Heavy duty one piece Grey-Iron base
- Hopper capacity of 77 lbs. fertilizer or 1.2 bushel of seed
- Stainless steel pivot plate for years of service
- 4-Bladed corrosive resistant Aluminum Fan
- 12 volt electric motor (spreads clover 28' wide)
- Hopper lid to keep material in hopper and dry at all times
- Vibrating agitator for Sure-Feed of material being spread
- Mounting kits to fit most all A.T.V.'s

When ordering, specify make and model of A.T.V.

# Turn Work into Play

## with Herd's Model GT-77 Broadcaster and Your A.T.V.

**ELIMINATE HEAVY  
TRACTOR TIRE TRACKS  
IN YOUR FIELDS**

**WITH HERD'S MODEL GT-77 BROADCASTER AND YOUR A.T.V.**

### HERD'S Model GT-77 Broadcaster:

- Eliminates hours of time spent hand-seeding
- Leaves little or no tracks in your fields
- Ideal for seeding clover or alfalfa in spring over wheat (spread 28' wide)
- Easily mounts in minutes to most all A.T.V.'s
- Electric motor works off of A.T.V. battery
- Will broadcast all types of seeds, fertilizers, granular insecticides and herbicides
- Has the ability to center the spread pattern of all types of material
- Fan is hooked directly to the motor shaft for positive fan speed (No slippage resulting in uneven spread pattern.)

When ordering, please specify make and model of your A.T.V.
