ECO-DRILL NO-TILL DRILL

Shown with optional pull-kit

- Available in 6', 8', or 10' width
- Powder-coated hopper and solid-weld design
- 16" straight coulters slice the ground, with 14" concave openers following behind, to form a precise seed trench

Designed with Versatility in mind, the Eco-Drill offers more alternatives than any other single seeder on the market today. Utilizing a unique seed meter system, the Eco-Drill is capable of handling a wide variety of seed types, all with the same seed box.
