KASCO OFFERS THE MOST COMPLETE LINE OF DRILLS AND SEEDERS ON THE MARKET TODAY!

With the choice of either 3" or 4" disk blade spacing, the Vari-Slice gives you a close, consistent stand of grass in any application.

Our Unique Metering System allows the Vari-Slice to plant a wide variety of seeds:

Bermuda...Alfalfa...Timothy...Rye...Clover...Sorghum...And Many More!

Our Optional, Patented "Positive Feed Agitator System" is designed to plant Native (Warm Season Grasses) This system is available in a second box, mounted alongside the standard Primary Seedbox. Units with both a Primary and a Warm Season Grass Box will plant virtually any seed variety wanted.
