

## MACERATOR

Agland authorized  
dealers only

### MAXIMIZE YOUR FEED VALUE !

#### INTENSIVE FORAGE CONDITIONING PROMOTES :

- ✓ Faster dry down time.
- ✓ Better feed value.
- ✓ More palatability.
- ✓ Improved color and texture.

- ✓ Gently nicks and cracks the stems.
- ✓ Heavy duty.
- ✓ Doesn't require tools for in field adjustments.
- ✓ The height of the collector is easily adjustable from the tractor.
- ✓ The unique pneumatic system works like a shock absorber and keeps the rolls tight together.
- ✓ Air pressure can easily and quickly be adjusted with a simple turn of the knob for maximum performance in various field conditions.

Visit our website to see the results from studies about the Macerator and a video.

MODEL	DESCRIPTION		SUGGESTED RETAIL
